

St. Louis Missouri Regional Management Team

The Missouri Department of Transportation is committed to providing the public with a safe and modern transportation system. MoDOT designs, builds, and maintains roads and bridges, and works to improve airports, river ports, railroads, public transit systems and pedestrian and bicycle travel. The agency also administers motor carrier and highway safety programs.

St. Louis is one of seven newly-reorganized regions that is responsible for administering all department activities for this area. As we focus on restructuring the agency to make the most of every dollar, the St. Louis Missouri Region includes 4 counties with a new district management team.

**Ed Hassinger District Engineer
(314) 453-1800**

Ed began his career with MoDOT in 1984 and became leader of the St. Louis District in July 2000. He has committed his career to innovative solutions for Missouri's roads and bridges. He frequently leads partnerships and collaborations among private and public entities to improve transportation in the region.

**Tom Blair,
Assistant District Engineer
(314) 453-1803**

Tom oversees the St. Louis district's maintenance and traffic operations, including the Transportation Management Center (TMC). Tom is a licensed professional engineer in the state of Missouri.

**Bill Schnell,
Assistant District Engineer
(314) 453-1802**

Bill is responsible for project delivery, overseeing the design, construction, and right of way program. Previously, Bill served as the area engineer for North St. Louis County for 9 years. Overall, Bill has been with MoDOT for more than 25 years.

**Mollie LeBlanc
Assistant to the District Engineer
(314) 453-1804**

Mollie works with district engineer Ed Hassinger in all facets of management of district operations, including human resources, information systems, risk management, safety and health, support services, fleet, facilities, budget and business plan.

**Marie Elliott
Customer Relations Manager
(314) 453-1807**

Marie coordinates the St. Louis district's communication, media and customer outreach programs.

**Greg Horn,
Project Director
(314) 453-1827**

Greg Horn serves as MoDOT's Project Director for the New Mississippi River Bridge connecting Missouri and Illinois in St. Louis City. In his position, he is responsible for coordinating property acquisition, design, and construction to ensure the project is built on time and within budget. Greg started his career at MoDOT in 1984.

**Mark Croarkin
Bridge Engineer
(314) 453-1763**

Mark manages maintenance of state bridges and oversees all bridge safety inspections, and helps identify repairs and recommending maintenance, rehabilitation or replacement.

**John Jennings
Human Resources Manager
(314) 453-1702**

John oversees all aspects of human resources administration at the district.

**Wesley Stephens,
District Planning Manager
(314) 275-1543**

Wesley is in charge of the district's five year construction and right of way program by identifying and prioritizing projects, balancing the construction budget, short and long term planning and developing public and private partnerships.

**Kim Reid
Right of Way Manager
(314) 453-1867**

Kim manages district right-of-way activities including appraisals, negotiations and relocation. She oversees the purchase of property for new projects, the disposal of excess land, and property management.

**Becky Allmeroth
District Maintenance Engineer
(314) 453-1758**

Becky is responsible for coordination of all roadway maintenance operations in the district, including budget, personnel, and equipment distribution.

**Karen Yeomans
District Design Engineer
(314) 453-5095**

Karen manages the district's design, utilities and surveying resources and ensures the production of quality highway designs on time and within budget.

**Ron Morris
Construction & Materials
Engineer
(314) 453-5080**

Ron manages the oversight, technical expertise and quality assurance for district construction projects, materials inspections, and geotechnical operations. Previously, Ron worked on the I-64 Project as deputy director.

**Jeanne Olubogun
District Traffic Engineer
(314) 275-1536**

Jeanne plans and coordinates all traffic engineering issues for the St. Louis district, including traffic control devices, signing, marking, signals, permits, and lighting.

**Scott Boyer
General Services Manager
(314) 301-1422**

Scott is in charge of equipment management, procurement, product distribution, and facilities management.

**Lisa Lamons
Safety and Health Manager
(314) 453-5012**

Lisa coordinates the district's health, environmental, safety, and risk management programs. She is also the district's primary incident response contact for law enforcement.

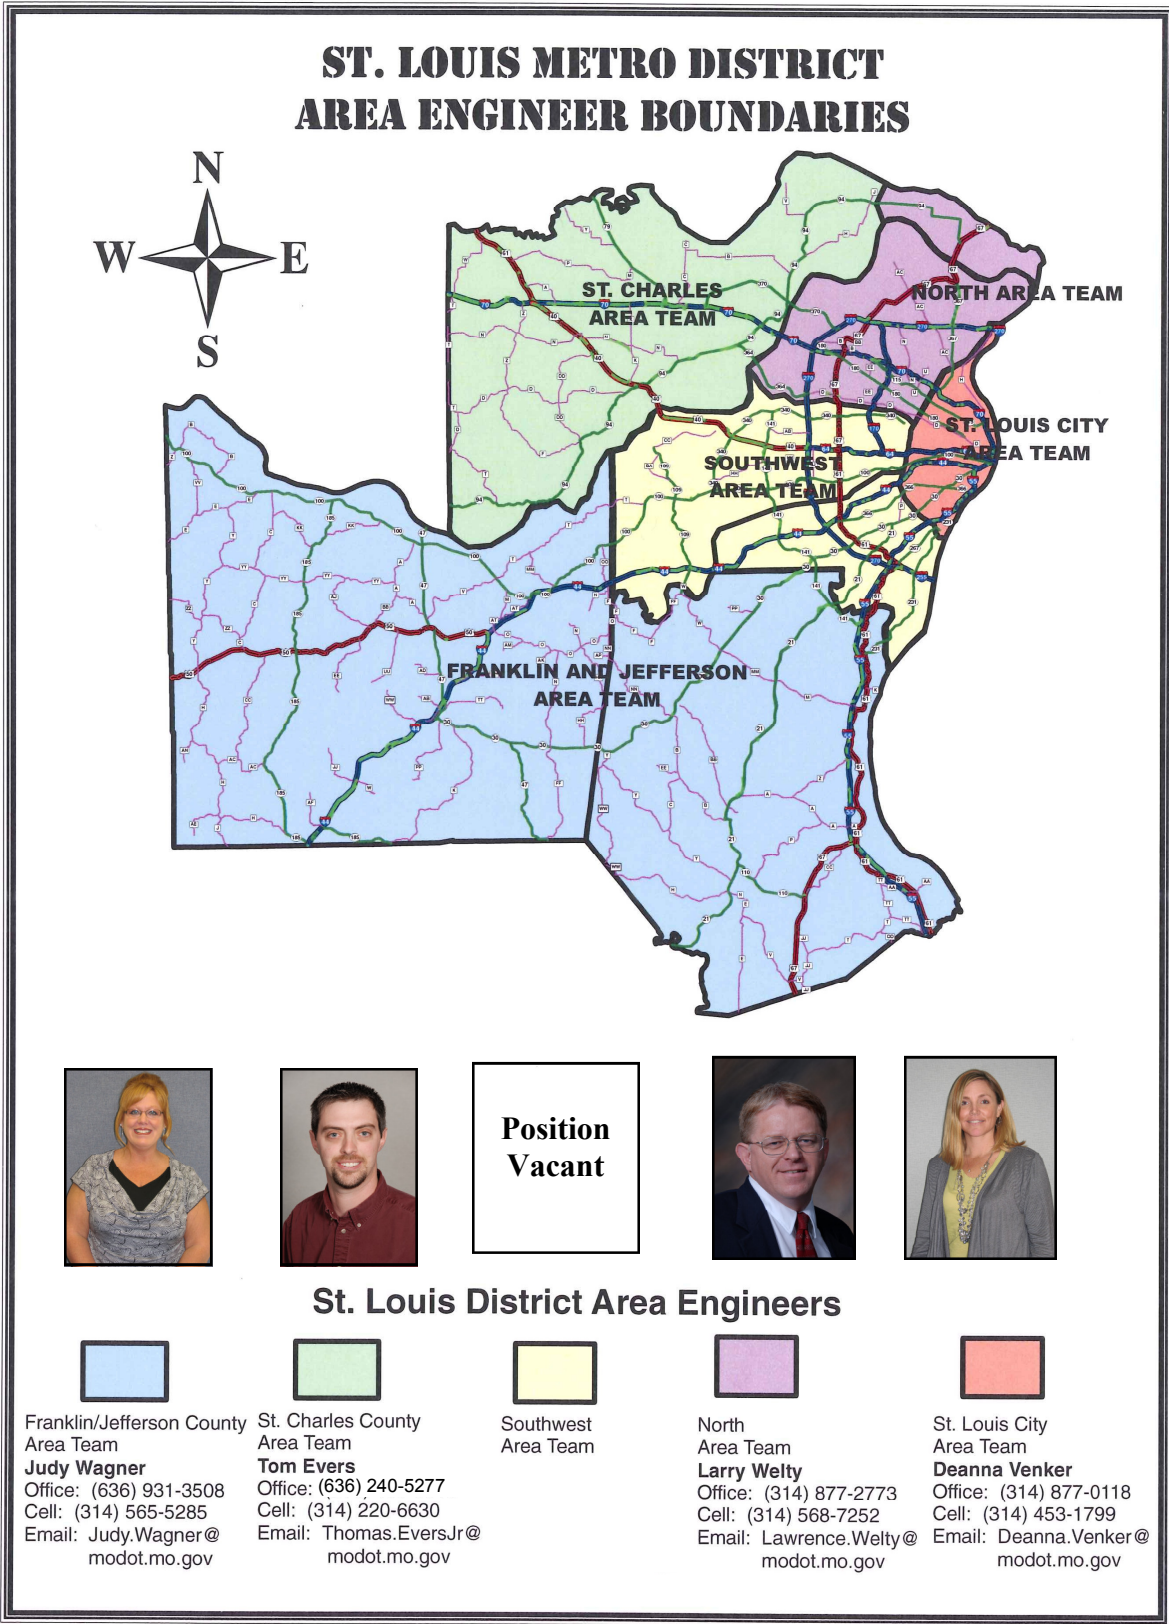

**Roy Shoemaker
Support Services Manager
(314) 453-1712**

Roy manages the district's financial services operations, which includes accounts payable, payroll and benefits.

Area Engineers

To ensure MoDOT's mission of exceptional customer service, these engineers have been designated to be MoDOT's local connection within the communities they serve.

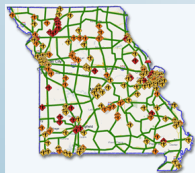

About the St. Louis District:

- Counties: 4
- Population: 1,855,000
- Square Miles: 2,702
- Miles to Maintain: 1,533

Visit Our Traveler Information Map

MoDOT's Traveler Information Map provides a view of road conditions for major Missouri highways. The map shows work zone locations, flooding information, weather-related road conditions and incidents that affect travel.

Commercial drivers can view information on oversized/over-dimension loads, vertical clearance and commercial zones.

A weather radar image and links to road condition maps for surrounding states are also available on the Traveler Information Map at www.modot.org.
